Dog Information

Name(s):

Breed(s):

Age(s):

Sex:

Spayed/Neutered: Yes / No

We understand that some dogs in our care may be intact (not spayed or neutered). While we take every precaution to ensure a safe environment, housing intact animals carries additional risks, including but not limited to:

- Increased likelihood of mounting, marking, or other hormonally-driven behaviors.
- Higher risk of altercations due to changes in behavior or scent.
- Potential accidental breeding if dogs are not properly separated.
- We do **not** accept females in heat under any circumstances. If an intact female comes into heat during her stay, you will be contacted to make immediate arrangements for her removal.

Vaccination Requirements

All dogs must be current and up-to-date on the following vaccines:

- * DAPP (Distemper, Adenovirus, Parvovirus, Parainfluenza)
- * Bordetella
- * Rabies

Proof of vaccination is required before any services can be provided. Please provide a hard copy of vaccination records before drop off or email them to

Behavior & Safety

We strive to maintain a safe and positive environment. To help ensure this, all dogs must be non-aggressive toward other dogs and staff. We cannot accept aggressive dogs.

Dogs play with their mouths and feet; minor scrapes, scratches, and bruises can happen during play.

Every reasonable effort will be made to contact you (and your emergency contact) should your dog become injured or ill during their stay.

In the event of a serious medical concern, we reserve the right to seek veterinary care at your expense.

Liability Waiver

By signing this form, you acknowledge and agree that:

You are solely responsible for any harm or injury caused by your dog to another dog, staff, or facility property.

While we do our best to supervise and separate dogs by size, play style, and temperament, injuries can happen and you will not hold Sweet Grass Animal Care, its staff, or affiliates liable for minor injuries.
